

**CRANK** International Action Film Festival celebrates action films on and off the screen. This festival will showcase the genre of action in all its forms. We here at Crank appreciate the effort and the hard work required to make these entertaining visions come to life. The first year of the festival will be dedicated to short action films from all over the world.

**SPONSORSHIP** provides an opportunity to support upcoming and emerging filmmakers. You can help promote new talent and voices that are taking a risk in making a genre of film that is less showcased in festivals and yet the most admired and celebrated in the mainstream film industry. Come be a part of something new and different by standing behind our festival's goal to give action films the appreciation they deserve within the film festival world.
